BAJRANG Enterprises

Fiber Laser Metal Cutting Machine

**6020- JPT6000W Exchange Table
CNC Laser Cutting Machine**

Name :6000W Exchange Table Fiber
Laser Cutting Machine

Brand :BE

Category :Fiber Laser Cutting Machine

Model Type :RB6020

Price: CONSULT

**1530-1500WMax Fiber Laser
Cutting Machine**

Name :1500W Max Fiber Laser
Cutting Machine

Brand :BE

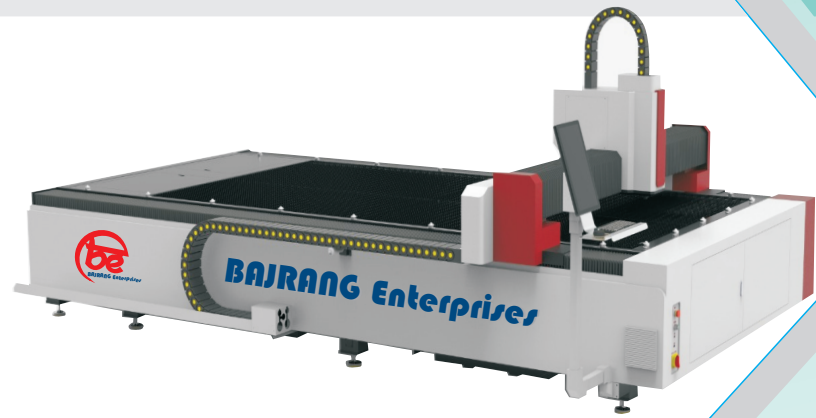

Item NO :1558685678

Category :METAL CUTTING
MACHINE

Model Type :RB1530

Price: CONSULT

**Call
For Demo

Pipe & Sheet Fiber Laser Cutting Machine

Name :Pipe & Sheet Fiber Laser Cutting Machine
 Brand :BE
 Item NO :1558685678
 Category :METAL CUTTING MACHINE
 Model Type :RB3015B
 Price: CONSULT

Exchange Table CNC Fiber Laser Cutting Machine

Name :Exchange Table CNC Fiber Laser Cutting Machine
 Brand :BE
 Category :Fiber Laser Cutting Machine
 Model Type :RB3015A
 Price: CONSULT

Exchange Table Pipe & Sheet Laser Cutting Machine

Name :Exchange Table Pipe & Sheet Laser Cutting Machine
 Brand :BE
 Category :Fiber Laser Cutting Machine
 Model Type :RB-3015
 Price: CONSULT

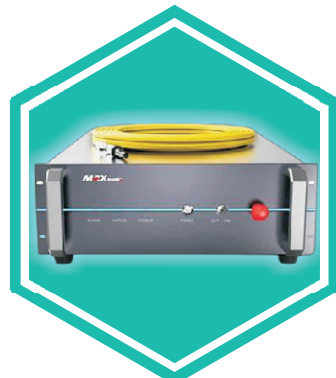

WATER CHILLER

IPG SOURCE

RAYCUS SOURCE

MAX SOURCE

Brief introduction

Fiber laser cutting machine adopts the advanced fiber laser output laser beam of high energy density, and focused on the workpiece surface, making areas on the workpiece are melting and gasify instantly by ultra fine focal spotlight; Automatic cutting is achieved by moving the light spot through the CNC mechanical system. It is one of the high-tech equipment with features of advanced optical fiber laser technology, numerical control technology, precision machinery technology.

Standard Components

1. Laser generator Wuhan Raycus or Germany IPG
2. Laser cutting torch Raytools
3. Cutting bed Steel plate welding
4. X, Y gear rack Germany ROR or Taiwan YYC
5. Guide rail Taiwan Hiwin
6. AC servo motor & driver Japan Fuji
7. Proportional valve Japan SMC
8. Reducer Japan SHIMPO
9. Gas circuit control Japan SMC
10. CNC system and software CYPCUT
11. Water cooling machine Guangzhou S&A
12. Dust Absorption set

Optional Components

1. Screw air compressor
2. Vacuum cleaner set
3. Voltage Regulator
4. Laser focusing lens
5. Laser protective windows
6. Laser ceramic rings
7. Laser Nozzles

MACHINE EQUIPMENT(CUTTING HEAD, SENSOR CABLES,REMOTE,NOZZLES ,CERAMIC,LENSES)
